

Name:

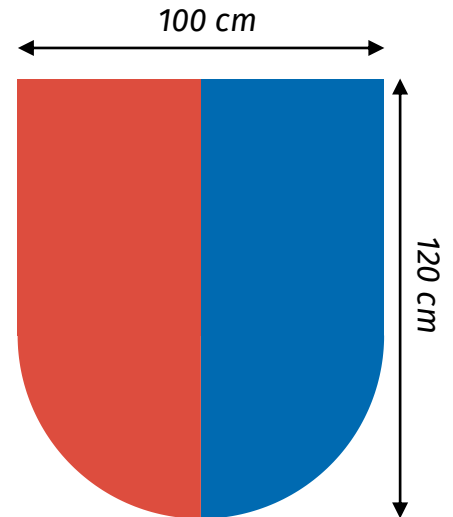

Date:

Ticino

Create the coat of arms of Ticino.

Hints:

- Define the two colors:
ticino_red = rgb_color ...
ticino_blue = rgb_color ...
- Define the radius of the circular sectors:
radius =
- Define the upper part of the coat of arms:
upper_part =
- Define the lower part of the coat of arms:
lower_part =

```
from pytamaro import (
```

```
    ticino_red =
```

```
    ticino_blue =
```

```
    radius =
```

```
    upper_part =
```

```
    lower_part =
```

```
show_graphic(
```
